A large pile of silver-colored balancing beads is scattered across a solid orange background. The beads are spherical and have a metallic, reflective surface.

BALANCING BEADS

magnum+

The Benefits:

High-precision and continuously adapting on imbalances that appear as you drive.

They last **for the entire life of the tire**, unlike weights that can fall off.

Their installation is super simple. The savings in time is **HUGE**.

Easy Installation:

According to the tire size, just toss-in a bag.

Please see the chart on the next page
